LISP

THE ▶ NEXT 50 YEARS

International LISP Conference 2009

Massachusetts Institute of Technology

Cambridge, Massachusetts, USA

March 22 ▶ March 25, 2009

Gerald Jay Sussman: *Evolvability and Robust Design*

Shriram Krishnamurthi: *The Moby Scheme Compiler for Smartphones* or *Is That a Parenthesis in Your Pocket?*

David Moon: *Genuine, full-power, hygienic macro system for a language with syntax*

With technical papers, tutorials, lightning talks, birds-of-a-feather sessions and a banquet with special entertainment.
